

Access Statement for Rectory Farm Cottages Orchard Cottage & Carters Cottage

Introduction

Rectory Farm Cottages offer two self catering cottages sensitively converted from a 17th century cartshed, situated at the top of a tree lined drive set well back from the village road. The cottages provide a high standard of four star accommodation and sleep one to four people in each. As they are adjacent to each other they are ideal for two families holidaying together.

Guests are able to enjoy walking, fishing and exploring the local area, whilst staying in beautiful, quiet surroundings with views over the surrounding countryside.
